23 - 27	6			7	2,132
28 - 32	7			8	2,426
33 - 37	8	To determine Annual Fee using this scale: a) Find the total number student units completed from the Fall of previous year through Summer of current year in Column A and note the corresponding number of points in Column B. (A total number ending in .5 for a half unit is rounded up.) b) Use Column C and D to add a point for each type of CPE your center is accredited to offer. c) In Column E, find total of points from Column B and D. d) Corresponding assessment will be in Column F. EXAMPLE: 10 students units (3 points) and both types of accredited CPE (2 points) equals 5 total points, which equals \$1524.	9	2,730
