**ACPE Annual Members Meeting and Luncheon Broadcast  
Friday, February 10, 2012 11:30 to 1:30 pm EST**

**We will be broadcasting the ACPE Annual Members Meeting and Luncheon on February 10, 2012 over the internet** so that members who are unable to be in attendance in Arlington, VA can hear reports and be aware of the business transacted--particularly information regarding any proposal for changes in ACPE governance that might come forward from the ACPE Board of Representatives out of their deliberations during their meeting several days prior.

The Board had created a governance sub-committee and charged it to bring its recommendations to this meeting. The committee has completed its work and is bringing a proposal forward that it recommends be approved or modified by the Board to be:

- shared with the Membership at the Annual Business Meeting,
- thoroughly vetted in other ACPE venues in subsequent months, and then
- voted on electronically by the Membership mid-year, with the changes to take effect in 2013 if approved.

**Off-site participants will only be able to observe and listen to the proceedings.** However, should there be a concrete proposal, we will schedule a series of smaller webinars that will allow for questions and comments over the coming months so that people can make an informed decision when the time comes for voting on any proposed change.

To join the webinar you will need either a PC with Windows 7, Vista, XP or a 2003 server or a MAC with OS X 10.5 or newer.

**Just before 11:30 EST on February 10th, open your web browser and type:**
